

## Results Driven Professional Development Throughout Your E&S Career

### NAPSLO Surplus Lines Compliance Online

The NAPSLO Surplus Lines Compliance Course is offered online and has been approved for continuing education credits in all 50 states. This course, offered through NAPSLO and Success CE at <http://napslo.successsce.com> is available in both CE credit and no CE credit versions.

The course offers substantial benefits to organizations and professionals who operate within and navigate through complex excess and surplus lines regulatory issues. Course details include the following:

**Target Learning Audience:** Professionals with less than two years of surplus lines compliance experience, and other professionals who deal less frequently with compliance issues. Examples of learners who will benefit from this course include regulatory staff, brokers and their support teams, and others who place business in the non-admitted market.

**Course Design:** The course includes four sections, and eight lessons, with learning objectives within each lesson.

- I. Introduction and Overview
  - Course Introduction
  - Lesson 1: Overview of the E&S Industry
- II. Surplus Lines Brokers and Insurers
  - Lesson 2: Surplus Lines Broker Licensing and Record Keeping
  - Lesson 3: Insurer Eligibility
- III. Non-Admitted Compliance: Process and Procedures
  - Lesson 4: Diligent Search
  - Lesson 5: Tax Remittance
  - Lesson 6: Policy Disclosure and Delivery
  - Lesson 7: Independent Procurement/Industrial Insured Exemption
- IV. Nonadmitted and Reinsurance Reform Act (NRRRA)
  - Lesson 8: NRRRA/Exempt Commercial Policyholder (ECP) Laws

The course contains an interactive glossary, links to excellent outside resources, sample state requirements, key general information for filings and reports, and lesson specific self-mastery tools, all packaged in an easy and fun to read format. Learners can also send specific course questions to [education@napslo.org](mailto:education@napslo.org).

**CE Credits.** The course has been approved for three hours credit in most states, except for New York, which granted a higher amount, and two hours in the State of Washington. When registering for the course please check on the availability of CE credits in your state.

**Cost:** \$14.95 for the course, including CE exams and credits.  
\$7.00 for the course only, no CE exams and credits.

For a limited time, NAPSLO is providing a subsidy for all course costs. Please check for availability of this subsidy when registering for the course.
